### Objectives of the Conference

The main objective of the international seminar cum lecture workshop entitled '**Interface of Chemical and Biological Science**' intends with the motto to make science (both in chemical & biological) based progressive knowledge accessible to young learners as far as it is possible. The international seminar will create an opportunities for the teachers, PhD scholars, M.Sc, B.Sc, of this remote part of North Bengal for listening and using the valuable discussions on Chemistry and Biology with a break through & outstanding innovation. The participants will be enlightened with present excellence in the field of Chemistry and biology specially in interfaces of chemical and biological science concerning of various important topics highly renowned Chemists and biologists of our country with international fame and reputation.
