

About the Workshop

The main objective of this workshop is to address the challenges and opportunities in the field of geographical research and to help researchers to conduct research in an accurate and meaningful way. The workshop will cover three broad spectrum of methodologies used in geographical research which are Qualitative Research Methods, Quantitative Research Methods and Geospatial Analysis. The workshop will make the early career researchers familiar with the contemporary tools and techniques in geographical research. This seven days workshop will provide an exposure to the young scholars to gain experience on the different methods of data collection, analysis and interpretation from the leading experts in the various fields of geographical research.

The shortlisted candidates can take part in this workshop by paying requisite registration fees online. Only 40 applicants will be selected for this workshop after the screening process on first come first serve basis.

Registration

Applicants need to fill in the registration form and send a soft copy to the e-mail: cbpbuspss@gmail.com on or before 16.08.2019. Selected candidates will be informed by e-mail on 18.08.2019. Registration fee for each applicant is Rs. 3000/- only (to be paid only after selection), which includes workshop kits including study materials and lunch on the days of workshop. The candidates are advised to bring their own laptop on the days of the workshop. No TA/DA will be provided to the participants and they have to arrange their own accommodation.
